Interpretation	<ul style="list-style-type: none"> The director's concept and actor's interpretations clarify the play's meaning, enhancing the story and action. The overall production demonstrates a unifying vision with aesthetic choices that enhance theme, mood, time and place. Musical expression clarifies and enhances the story and action of the play. 	<ul style="list-style-type: none"> The director's concept and actor interpretations support the story and action of the play. The overall production aesthetic choices communicate theme, mood, time and place. Musical expression communicates the story and action of the play. 	<ul style="list-style-type: none"> The director's concept and actor interpretations somewhat support the action and story of the play. Some but not all aesthetic choices support the theme, mood, time and place. Musical expression somewhat supports the story and action of the play. 	<ul style="list-style-type: none"> The director's concept is unclear and/or the actor's interpretations detract from the story and action of the play. There is little or no communication of a clear theme, mood, time and/or place. Musical expression does not support the story and/or action of the play.

Tempo, Rhythm	<ul style="list-style-type: none"> The actors always picked up lines/cues. Tempo and rhythm enhance the mood of the play and the playwright's intent. Non-speaking moments communicate subtext and enhance and clarify the story and action of the play. 	<ul style="list-style-type: none"> The actors usually picked up lines/cues. Tempo and rhythm support the mood of the play and the playwright's intent. Non-speaking moments communicate subtext to support the story and action of the play. 	<ul style="list-style-type: none"> The actors inconsistently picked up lines/cues. Tempo and rhythm inconsistently support the mood of the play and the playwright's intent. Non-speaking moments inconsistently communicate subtext to support the story and action of the play. 	<ul style="list-style-type: none"> The actors rarely picked up lines/cues. Tempo and rhythm rarely support the mood of the playwright's intent. Non-speaking moments rarely communicate subtext to support the story and action of the play. 	
Blocking, Composition	<ul style="list-style-type: none"> The blocking was innovative, natural, and justified by the actors. Blocking, stage pictures and use of space work together to communicate relationships and clarify and enhance the story and action of the play. 	<ul style="list-style-type: none"> The blocking was interesting, natural and justified by the actors. Blocking, stage pictures and use of space work together to communicate relationships and support the story and the action of the play. 	<ul style="list-style-type: none"> The blocking was somewhat interesting, natural and justified by the actors. Blocking, stage pictures and use of space communicate relationships and somewhat support the story and the action of the play. 	<ul style="list-style-type: none"> The blocking was not interesting, natural and/or justified by the actors. Blocking, stage pictures and use of space do not work together to support the story and the action of the play or communicate relationships.
